

## [China Bullet Magnet, Manufacturer, Supplier, Factory, Exporter in china](#)

### **Description:**

The Bullet Separator is an efficient, cost-effective device for extracting iron particles from free-flowing granular products. It is designed for installation in pipelines or ducted systems, as material flows over the Magnetic Bullet, any ferrous particles is attracted to the highly magnetic surface and securely held in position.

### **Designed for quick and easy cleaning**

By releasing the quick-action catchers and opening the door, the bullet swings clear and can then be wiped clean. The operation only takes a few seconds and back in operation again.

### **Application**

Flour Processing and Milling

Grain Processing

Plastics Granular Processing
